Caro Genitore

Caro genitore,

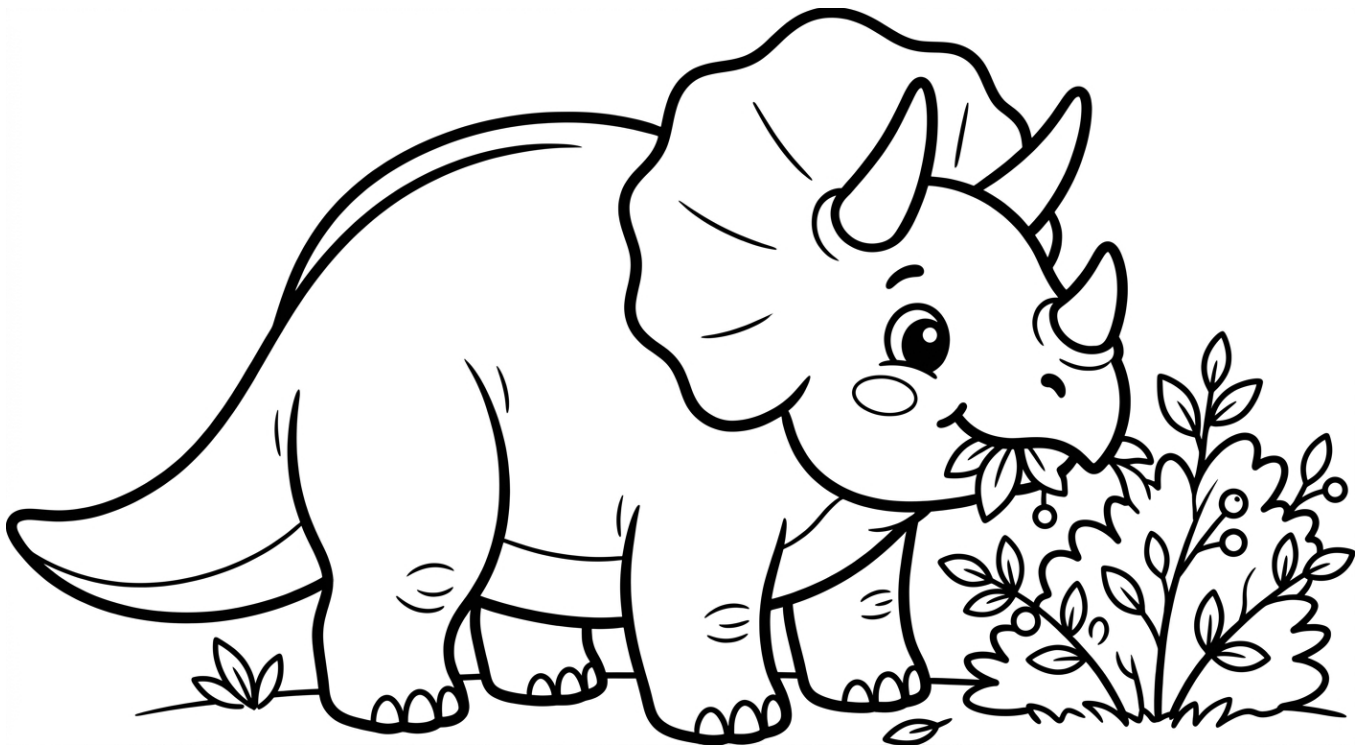

Colorare è molto più di un gioco: è un'attività che aiuta il tuo bambino a sviluppare la concentrazione, la coordinazione occhio-mano e la motricità fine, preparandolo gradualmente alla scrittura. Questo libro offre oltre 60 illustrazioni pensate appositamente per bambini dai 5 anni in su, con linee spesse e chiare che rendono facile colorare senza uscire dai bordi. Un'occasione perfetta per regalare momenti di creatività e tranquillità, lontano dagli schermi.

Buon divertimento preistorico!
