

DINOSAUR COLORING BOOK

for Kids Ages 4-7

20 Cute & Easy Dino Pages

for Boys and Girls

Bold & Easy Designs • Single-Sided Pages

To the bravest little explorer:

This book belongs to _____

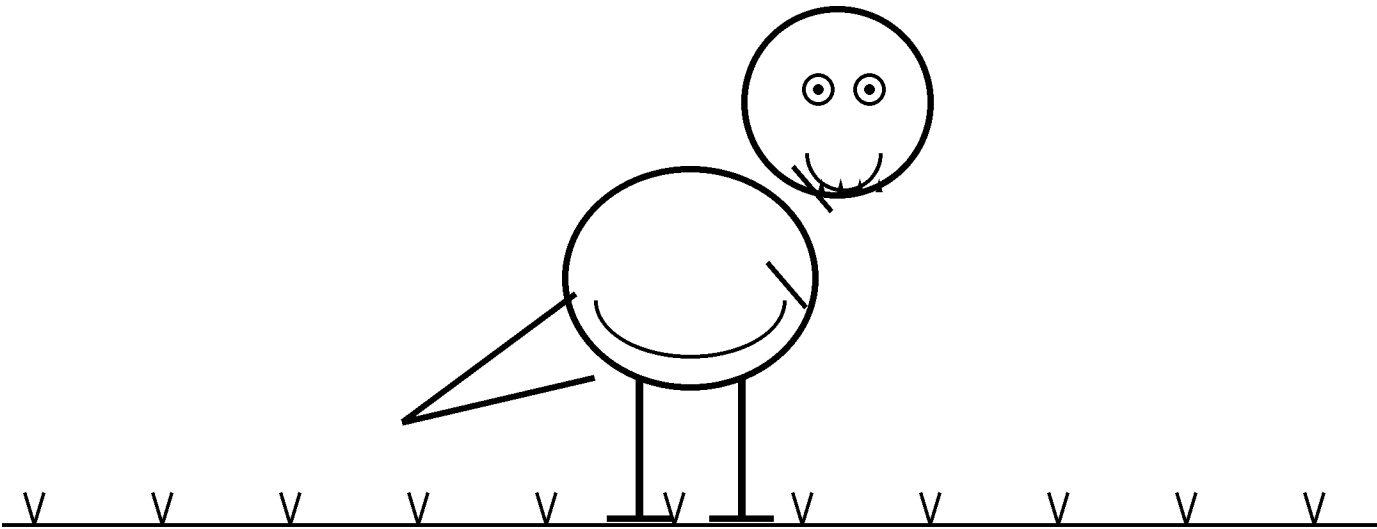

May your imagination be as big as a dinosaur's heart
and your colors as bright as a prehistoric sunrise.
Every page is a new adventure — have fun!

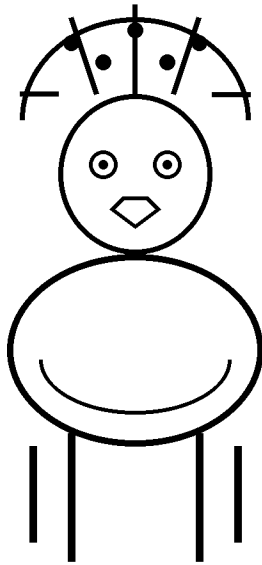

A Note for Grown-Ups

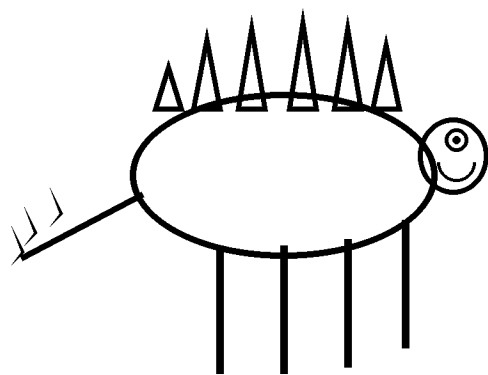

Coloring is more than just fun — it's a powerful tool for your child's development. As your little one fills these pages with color, they're building fine motor skills, strengthening hand muscles for writing, and learning to focus on a task.

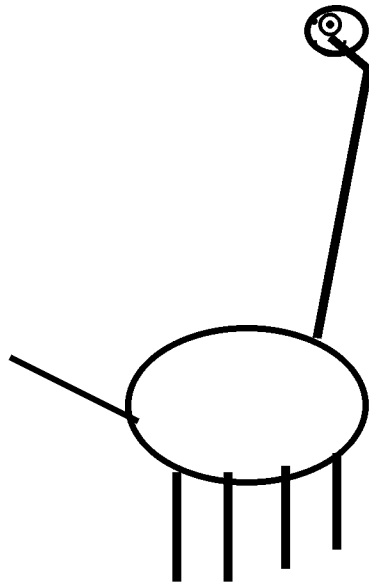

The simple, bold illustrations in this book are designed to build confidence: your child can color them beautifully without frustration.

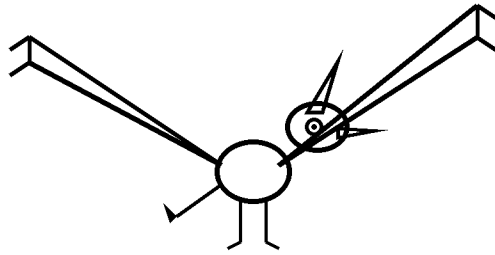

So grab some crayons, sit together, and watch their creativity take flight. Every finished page is a small victory worth celebrating!

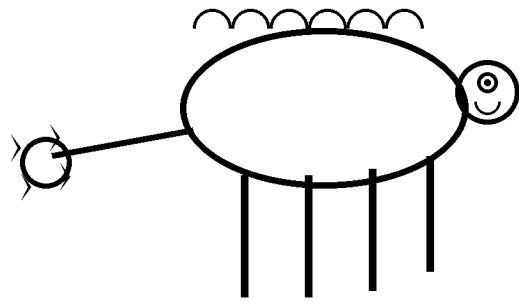

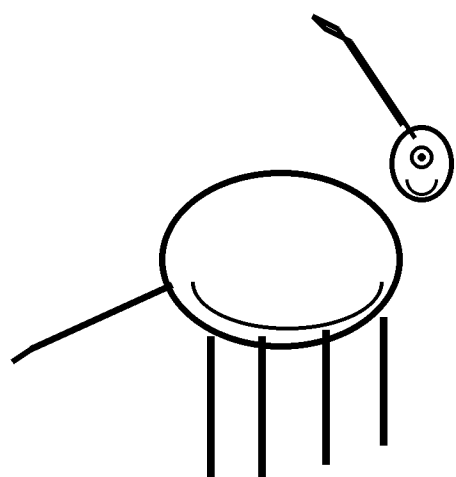

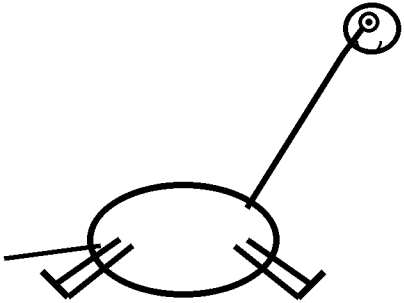

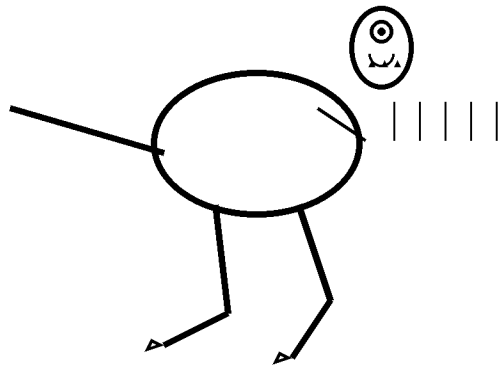

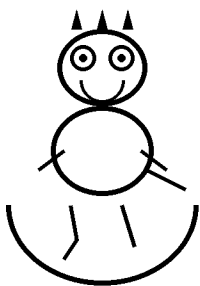

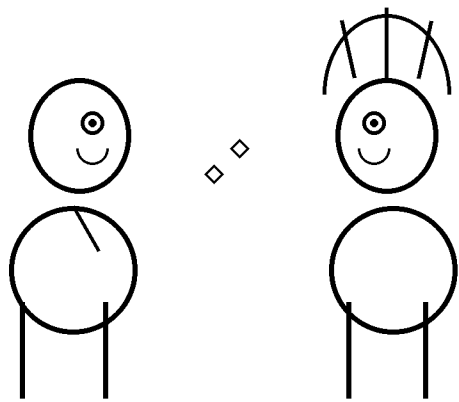

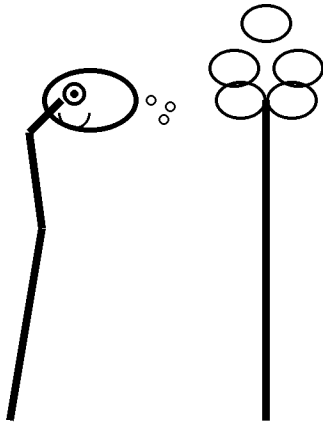

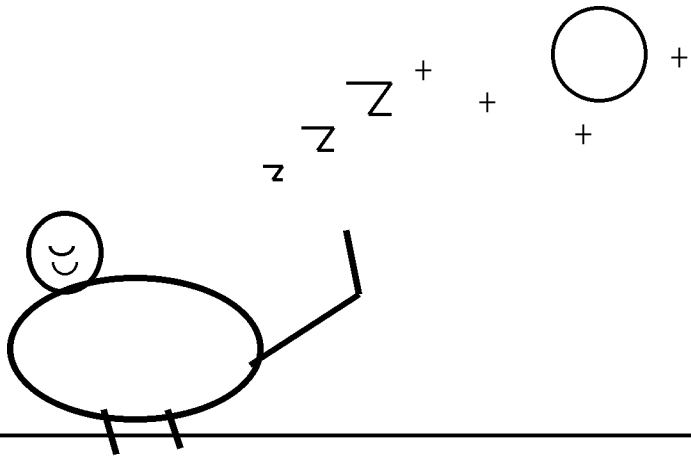

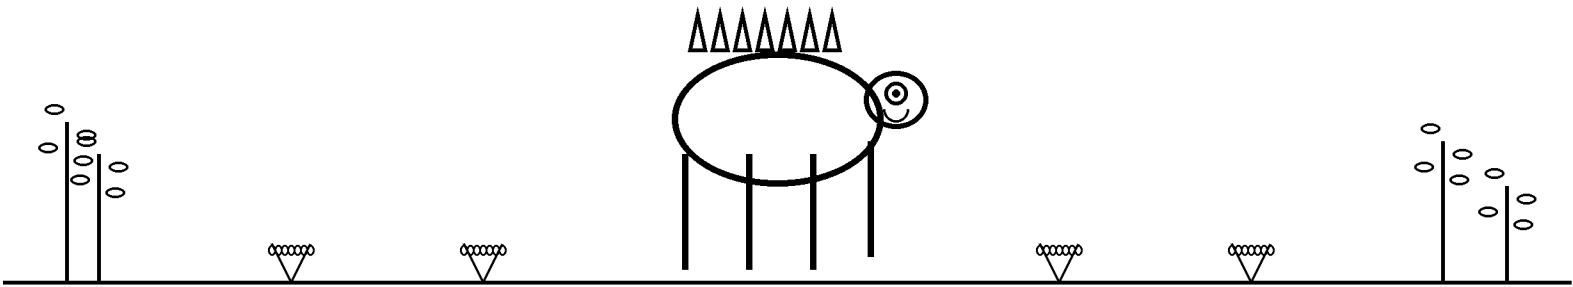

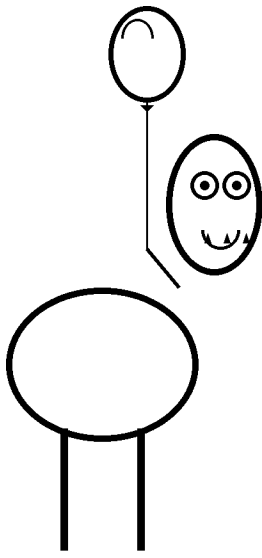

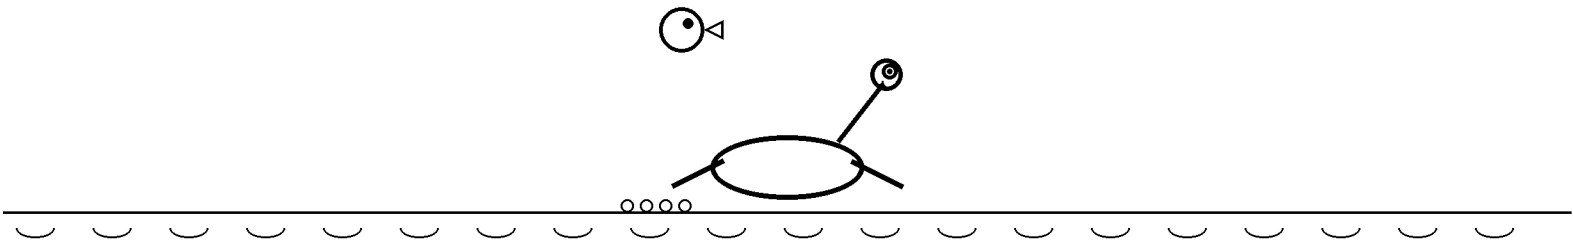

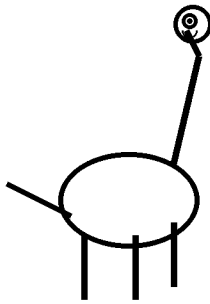

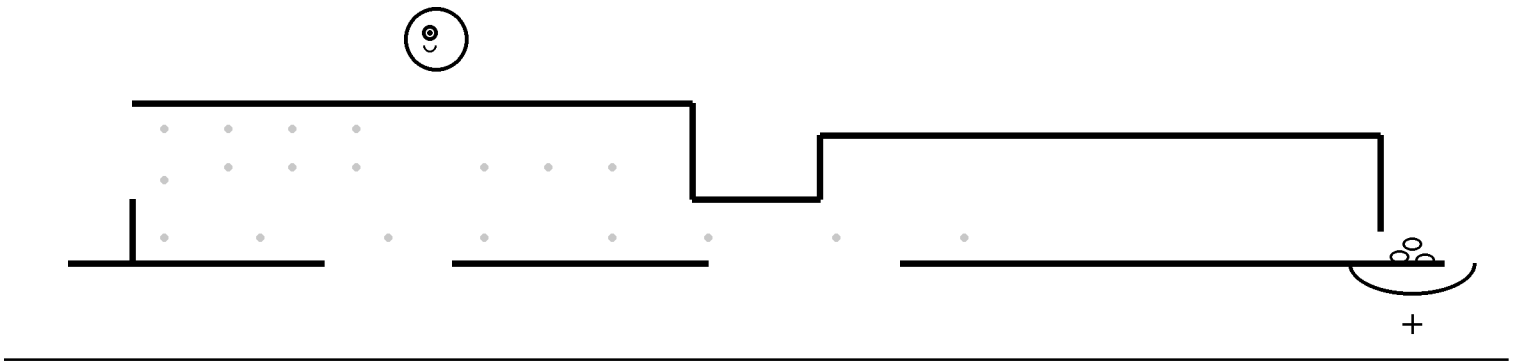

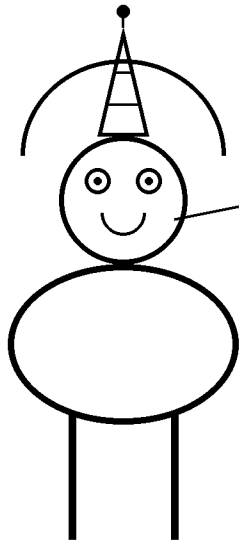

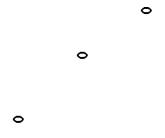

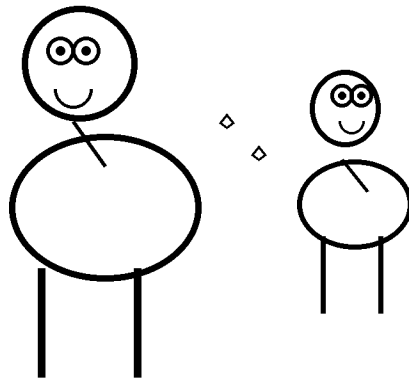

Congratulations, Little Artist!

You colored all 20 dinosaurs! ☐
You've traveled through prehistoric times
and filled this book with amazing colors.
You should be so proud of yourself!

A big favor for parents:

If you and your child enjoyed this coloring book,
we'd be so grateful if you could leave a
review on Amazon.

Your feedback helps other parents discover
the perfect activity book for their little ones!

♥ **Thank you for coloring with us!** ♥
